

BANK OF PAPUA NEW GUINEA

*The Centre for Excellence in Financial Inclusion (CEFI)
congratulates the National Development Bank (NDB) for
50 years of service to the people of Papua New Guinea*

On behalf of the Board, Management and staff of the Centre for Excellence in Financial Inclusion (CEFI) we congratulate the National Development Bank (NDB) on its 50 years of service to Papua New Guinea.

As the industry apex body in the growth of financial inclusion in Papua New Guinea, CEFI's main objective is to provide an environment that delivers friendly and innovative financial services to all Papua New Guineans through our work with all regulated financial institutions.

The partnership of CEFI and its partner financial institutions have seen an increase over the last 3 years resulting in over 1,300,000 new accounts opened in commercial banks, microbanks and savings & loans societies through the various initiatives of CEFI mainly in rural communities of PNG.

CEFI continues to partner with its stakeholders to deliver financial literacy training in different communities around the country and to date a total of over 170,000 people have successfully completed this program.

We look forward to working with the National Development Bank to realise the vision of providing financial services for all Papua New Guineans.
